JARS Textile.

JARS Textile- a 100% Knit Garment export company who believes in the art of producing honest and approving garments and fabric to the world of fashion and clothing industry. While positioning ourselves as a reliable supplier of global brands, we allow us to explore the potential and create a niche in the export business. We are strictly maintaining a very high standard of compliance even within the smallest concern of our Organization. This is another key reason which attracts the leading buyers. Our range covers the offerings of fashion needs for men, women and kids across apparels and accessories, all in tune with the current market trend. Since inception, with a commitment of delivery on time with perfect quality, we have made sure to offer the highest level of buyer satisfaction throughout the globe. Our factory situated in rented building.

Vision:

Having made a strong presence in the Export business while successfully managing the global market of garments by endorsing the latest technologies, competitive pricing and best quality have led us to become a driving force in the industry. Through this, our vision is:

“To deliver the highest standards of quality products at best price to meet the needs of clients that will enrich their business; and to be the global exports company admired for its people, products and trust.”

Our Vision Makes Us:

- Derive, develop and deliver quality garments products within time line.
- Be a company that's known for integrity, sustainability and valued responsibility to the society and the planet.
- Earn the admiration of all our stakeholders- investors, clients, communities and our employees- not only for the goals we achieve but how we achieve them.

Quality Mission:

We are different in our approach and make that difference a leading example of accuracy in our products. That's why we are ready to take our Quality Mission forward.

- To have a keen sense of customer understanding by meeting their demands according to buyer requirements
- To expand our distribution market from the existing presence of USA, Europe and Canada.
- To drive solutions across all aspects in apparel and readymade garments.
- To achieve all of the above through highest touch of professionalism, best quality and planned merchandising, sustained commitment and not faltering on our business ethics.

Strengths

We source, select and execute our raw materials, designing and packaging under the supervision of experts who are holding years of knowledge in the field. Our quality inspectors strictly follow all the mandatory quality norms and thus help us to maintain international quality standards and compliance at all stages. We check the quality of the garments on the basis of various parameters including design, finishing, color fastness and every other detail.

Our technical team is stringent in carrying out in-line and final inspection of our products from world's renowned and state of the art machines. With our expanded facility, we have the experience to provide third party/buyer nominated inspection as per customer/buyer specification. We offer personalized service and as per each customer, a separate quality manager is provided with each order and a production team of quality controllers.

With our superior quality finish-line products and unmatched competitive pricing and proven strengths in the field of fashion across the globe helps us maintain our reliable updates. Our delivery time work like a clock precision. Customers get all under one roof with our availability of customization and we deliver anywhere on the planet.
